

Join Us in the Future of

# Smart Lagoon Cities in India!

We at Champion Infratech envision in building 100+ Smart Lagoon Cities across India by partnering with **Smart City Enablers & Global Real Estate Leaders**. Our mission is to build Smart Lagoon Cities, an ambitious and innovative project that is poised to transform the way we think about urban luxury realty developments. We're harnessing cutting-edge technology, sustainable design, unique amenity and community-centric planning to create these smart cities.

Crystalline Lagoons/Man-made beaches are also incorporated in these smart cities with new-age & top-notch facilities to upgrade the standard of living amidst luxury. These sustainable water bodies enhance the property's value & sales velocity in addition with providing the recreational opportunities in a sophisticated level.

# GLOBAL REAL ESTATE & SMART LAGOON CITIES SUMMIT

25<sup>th</sup> Nov, 2023 | Shangri-La Hotel, Bengaluru, India

Be part of a most prestigious Realty Summit in India, which will bring together 200+ real estate Enthusiasts & entrepreneurs. This summit aims to foster **global networking among influential Leaders** and will focus on India's real estate market, which includes residential and commercial properties, as well as shaping the future of the **luxury real estate market and Smart Lagoon cities**.
